THE hospitalities of Washington Commandery are cordially extended to the fraters of sister commanderies and to the Sir Knights of adjacent jurisdictions, and their attendance is earnestly solicited at the Seventy-eighth Annual Conclave of the Grand Commandery of New York State to be held at *Saratoga Springs, September 1st, 1891.*

In addition to the ordinary attractions of this annual gathering of Sir Knights of the Empire State, it is confidently believed that the special and exceptional advantages offered by this famous national watering place will bring together the largest gathering of Sir Knights ever seen at any conclave.

Almost unlimited and certainly unequaled hotel accommodations

are offered at a season when Saratoga is at the height of her beauty, with broad and beautifully shaded streets admirably adapted for the parade. Railroad and transportation facilities are ample, and nothing will be wanting to make the event in all ways pleasurable, profitable and memorable for all who favor Saratoga with their presence on this occasion. Besides the world-renowned mineral fountains, some thirty in number, famous for their health-giving and refreshing properties, are offered drives, excursions to the Saratoga Battle Monument, to Saratoga Lake, to Mount McGregor and the Grant Cottage, and to other points of interest. In short we believe that Sir Knights and their friends will find in Saratoga three days of unalloyed pleasure and satisfaction.

Full information in regard to Hotels, rates, etc., furnished on application to any of the Committee.
